## EUROPE'S VISION

Ivar van Heijningen, EASAPS president

ISAPS CONGRESS

OCT. 31-NOV. 4

# EASAPS

## The European Association of Societies of Aesthetic Plastic Surgery

was initiated and founded by Ulrich Hinderer  
in 2007 with Yann Levet

*(Hinderer was also founder of ISAPS in 1972)*

### WHY?

# HINDERER IN NOV 1995

Workshop in Rotterdam:

“ Aesthetic Surgery:  
are Private Clinics a problem or the solution?”

Described in:

# HINDERER

- Ethical considerations
- Reconstructive and Aesthetic plastic surgery: development, definition, training and present state
- (Training in) Aesthetic surgery
  - “Aesthetic Surgery performed by other specialists”
  - “Aesthetic Surgery performed by physicians untrained in Surgery”
- What can we do to protect the public?

To organize, promulgate and disseminate  
an interchange of knowledge and ideas  
in aesthetic surgery between  
all European National Societies of Aesthetic Plastic Surgery  
for the benefit of  
Plastic Reconstructive and Aesthetic Surgeons.

# WHERE ARE WE NOW 10 YEARS LATER?

Facing the same problems with

- Other specialists
- Other doctors
- Non-doctors

We tried to address them with:

- EN 16372 Aesthetic Surgery Services
- EN 16844 Aesthetic Medicine Services
  - non-surgical medical treatments

# WHERE ARE WE NOW 10 YEARS LATER?

We still have ethical issues:

- Social media and Internet
- Laws on advertisement

Issues protecting the public:

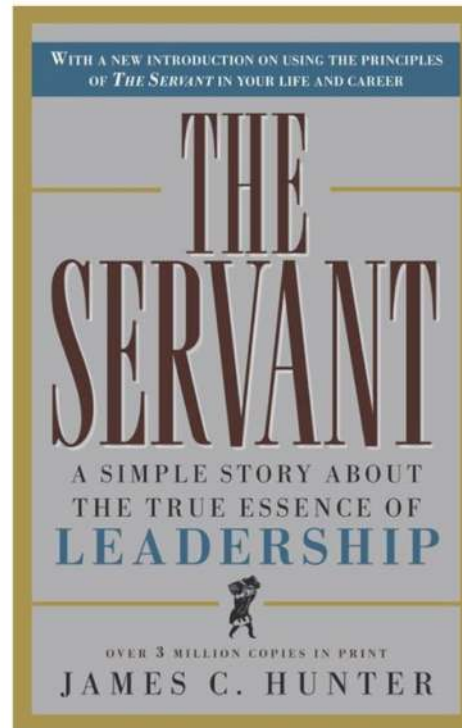

- Patient Safety issues

Training issues and a lot more such as:

- VAT issues
- General Data Protection Regulation

# VISION

1. The purpose of EASAPS is to serve our member societies and European aesthetic plastic surgeons promoting the European spirit.

# EASAPS EUROPE:

52 Countries

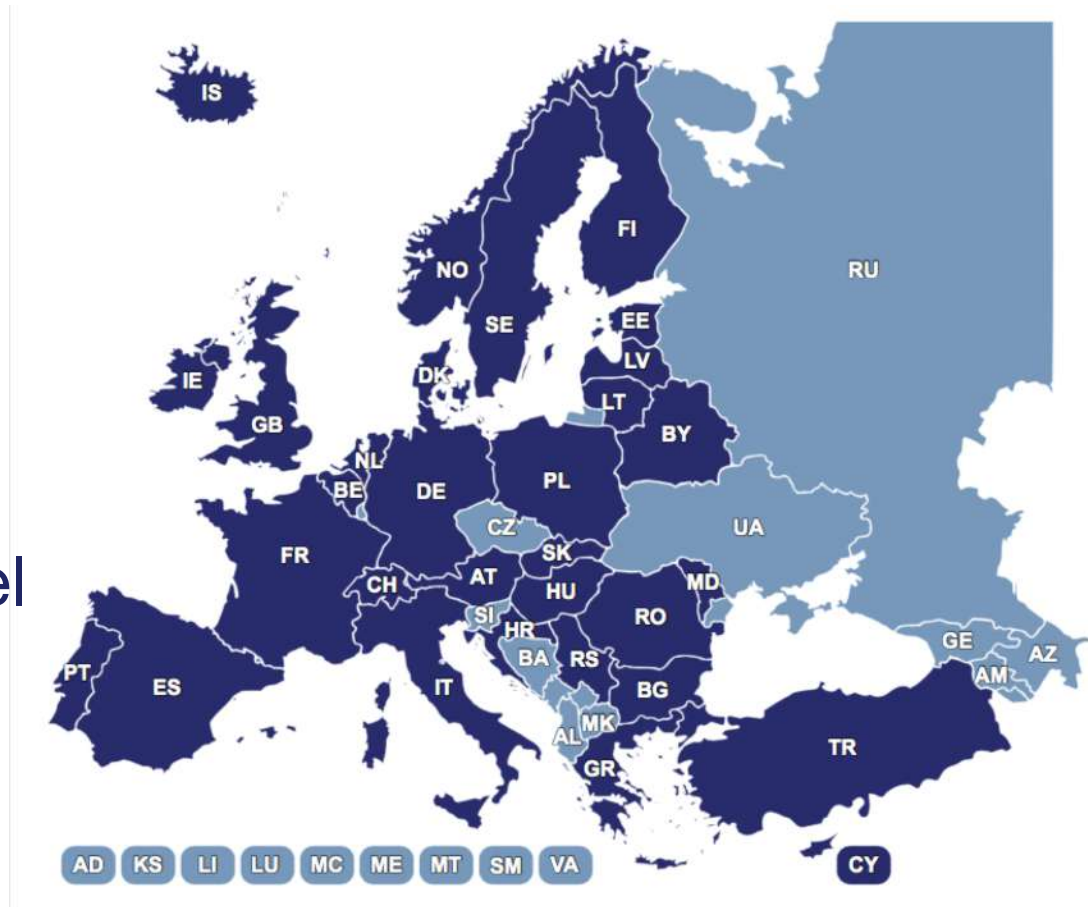

36 with a Society

16 Aesthetic PS

20 PRAS

13 Member Societies  
from 11 countries + 1  
Associate member Israel

Member or not, it is our  
intention to serve all!

# PROBLEM

1. How to reach plastic surgeons in countries without society?
2. How to reach the plastic surgeon members of National Societies?
3. No database of individual plastic surgeons
4. No individual members

# SOLUTION

New Society under auspices of EASAPS

- Same bylaws (except member section)
- Same board/exco

# NEW SUB SOCIETY UNDER EASAPS UMBRELLA

- All members of Aesthetic Societies will be members for free
- Europe is different, promote the European spirit
- We deserve a society such as ASAPS, OSAPS
- We can not reach plastic surgeons in countries without plastic surgery society

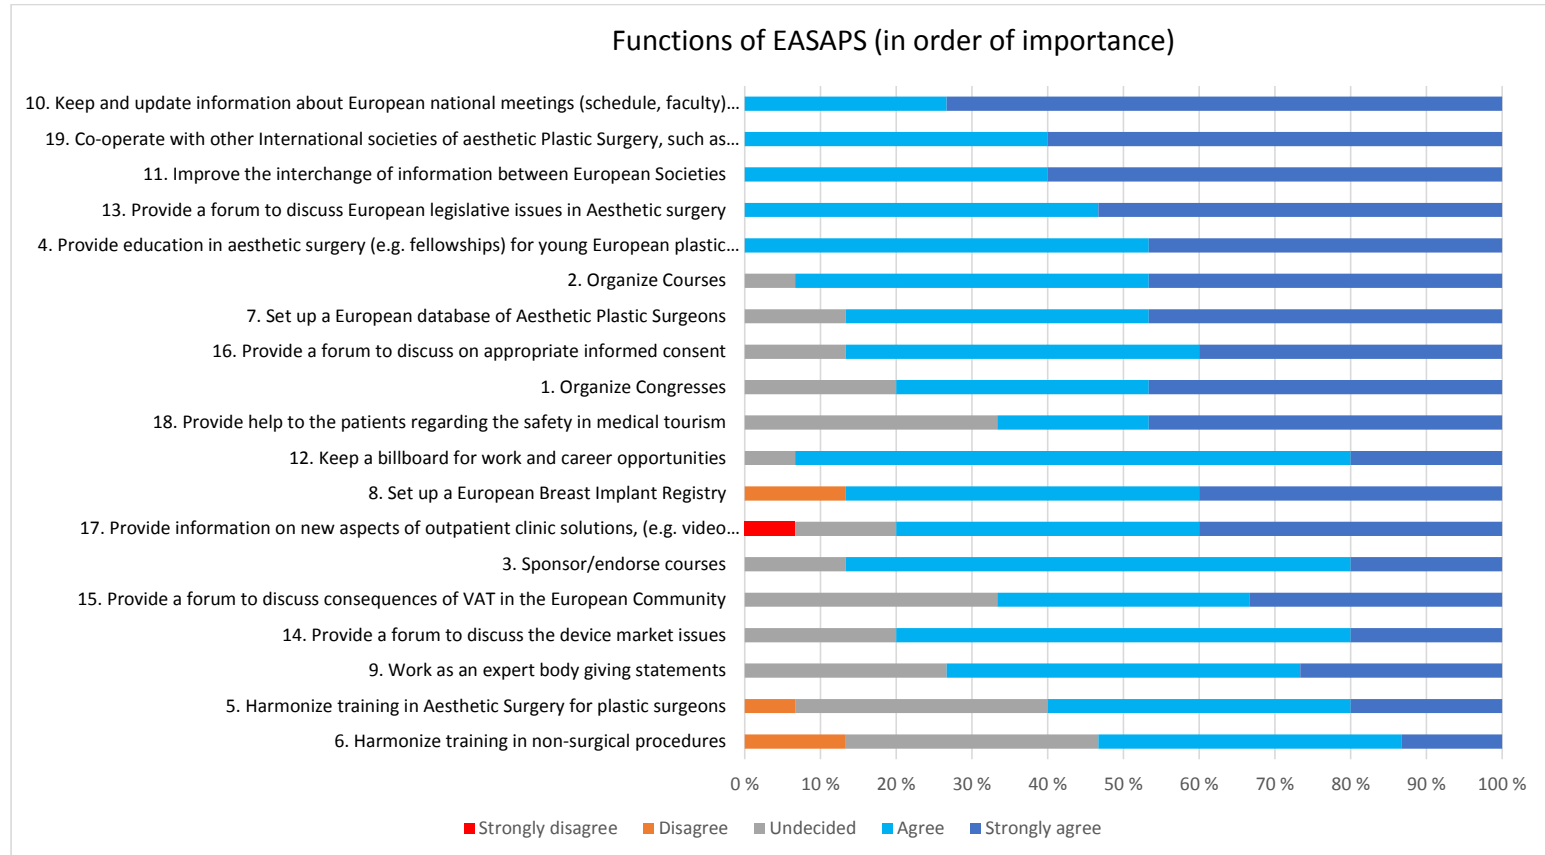

# VISION

1. The purpose of EASAPS is to serve our member societies and European aesthetic plastic surgeons promoting the European spirit.
2. EASAPS believes in the National Societies as the foundation for every country and will work together with them.

# DOODLE

## EASAPS SURVEY

(Points given by answer: Strongly disagree=0, Disagree 1, Undecided=2, Agree=3, Strongly Agree=4. The sum of points then ranked.)

# EASAPS SURVEY TOP 5

1. Keep and update information about European meetings
2. Improve interchange of information between European Societies
3. Provide a forum to discuss European legislative issues
4. Provide education (fellowships) for young European plastic surgeons
5. Co-operate with international societies such as ISAPS

# SERVE NATIONAL SOCIETIES

- Bye laws change in Bukarest:
  - Board of advisors including
    - all presidents (or delegate) of National Societies
    - European ISAPS National Secretaries
- Strategic Planning Meeting Paris feb 2018
  - Set priorities
  - Decide on our focus for the coming year

## EXECUTIVE SECRETARY REPORT

ISAPS CONGRESS

OCT. 31-NOV. 4

# TASKS

The main issues that have been under the management of the Executive Secretary have been:

- engaging of the various National societies,
- database,
- invoices,
- newsletters and
- general communication between the ExCo and committee members.

# TASKS

We carried out a **questionnaire** which got a good result and we have sent the last newsletter to a database and are now receiving **registrations** of single surgeons to be on the newsletter list. Up to now over 75 people have registered.

The results have been varied over the past year, but now seem to be picking up speed and interest is reaching new levels

# FUTURE PLANS

- Keeping contact with the National societies and encouraging items to be discussed within EASAPS.
- Develop marketing plan to promote EASAPS within Europe.
- Keeping track of interesting meetings, and all the National society meetings and adding them to EASAPS web-site

# FUTURE PLANS

- Providing 4 newsletters a year.
- Continue to collaborate with the various committees
- Work towards a successful meeting in Bruges
- Stimulate National societies to send us relevant news and articles to publish.

### GDPR Portal: Site Overview

This website is a resource to educate the public about the main elements of the General Data Protection Regulation (GDPR)

After four years of preparation and debate the GDPR was finally approved by the EU Parliament on 14 April 2016. It will enter in force 20 days after its publication in the EU Official Journal and will be directly application in all members states two years after this date. Enforcement date: 25 May 2018 - at which time those organizations in non-compliance will face heavy fines.

## EASAPS Plastic Surgery Residents and Fellows Committee

The Chair of the EASAPS Plastic Surgery Residents and Fellows Committee, Iris Brito, has been reaching out to all the European Countries to group together the National Societies Plastic Surgery Residents groups. This will be a benefit for young surgeons who are looking for information, training and fellowship opportunities. There will be a dedicated training day in October 2019 in Bruges, Belgium and more information will be posted on this website. Please contact Iris Brito for further information, her email address is in the document that you find here by clicking on the link.

# EXTERNAL RELATION COMMITTEE MEMBERS

**Gianluca Campiglio, MD (Chair)**

**Nigel Mercer, MD**

**Michael Cadier, MD**

**Outi Kaarela, MD**

# ***PREMISES***

**1.**

**Even if Europe is still made  
by different countries with  
different laws some  
European political  
institution can harmonize  
the regulations  
(medical, fiscal, etc)**

For example in some european countries VAT is not applied to any aesthetic procedures, in others is applied only to some of them and in others is applied on all the aesthetic surgery

# ***PREMISES***

**2.**

**There are many aesthetic societies sprout from core specialties such as ophthalmoplasty, facial surgery and dermoplasty with establish relationships and collaborate**

Of course each specialty in the field of its competence, for example nose and face for facial surgeons or eyelid for ophthalmoplastic surgeons

# ***PREMISES***

**3.**

**Sponsors needs to be pumpered and it is better to establish strong and durable relationships with them**

Regulations about sponsorships are becoming very rigid and companies are available to invest less money in each aesthetic surgery meeting

# ***WORK IN PROGRESS***

1. Scientific and strategic relationships with **ISAPS** have been re-enforced (Global Alliance)
2. ISAPS endorsement of the Bruges meeting and ISAPS panel in the program
3. European survey on fat graft in the buttock

# ***WORK IN PROGRESS***

1. We have established a good partnership with **EURAPS** that is a prestigious society, made only by plastic surgeons and mainly focused on reconstructive surgery
2. We invited them to organize a panel in the next EASAPS meeting in Bruges
3. We have been invited to organize an aesthetic session at their next annual meeting in Finland
4. A meeting of the two leaderships to sign a scientific agreement will be organized soon

# ***WORK IN PROGRESS***

1. We are approaching **ESPRAS** (European Association of Plastic Surgery Societies)

2. In these days our delegate Kaarela is in Cyprus for their annual meeting and will meet its leadership

# ***WORK IN PROGRESS***

1. We are creating a database of the European aesthetic societies from other core specialties with whom to establish scientific collaborations in their specific field of interest

# ***WORK IN PROGRESS***

1. We are approaching the UEMS (European Union of Medical Specialties)
2. The status and role of Aesthetic Surgery among the other specialties
3. Training and education in Aesthetic Surgery

# ***WORK IN PROGRESS***

1. We are establishing relationships with some European political institutions for practical problems such as VAT application, defense of the specialty and non medical professionals trespassing (aestheticians, dentists, etc)

# ***WORK IN PROGRESS***

1. We are establishing a program of yearly sponsorships from the major companies in the field of aesthetic surgery and medicine

***STAY TUNED AND  
SEE YOU IN BRUGES***

***THANK YOU***
